The Chieftain

1959

**Central High School
Muskogee, Oklahoma**

OUR WORLD

FOR A YEAR

Dedication

Because she is a symbol of the devoted leadership of our teachers here at Central, the staff dedicates the 1959 Chieftain to Miss Berthe Stebler.

"A teacher affects eternity; she can never tell where her influence stops." —from Henry Brooks Adams

**CONGRATULATIONS, GRADUATING SENIORS
OF '59:**

As I write this short statement, a rocket from the earth is on its way to the moon. We will not know the outcome for a few hours. You graduating seniors of '59 have been ushered in with a new age. We used to know of only land, water, and air; now we have added space to our knowledge. What an exciting era! The thought that many of you will be working to help solve and explore outer space is very challenging. Be prepared to do anything that you are called upon to do.

Best wishes and good luck to all of you.

Harry D. Simmons
Superintendent

**TO THE MEMBERS OF THE GRADUATING
CLASS:**

It is indeed a pleasure to recommend the members of this 1959 graduating class to the college of their choice or to their vocation. The honor which you have brought to your school will continue in ever increasing importance in proportion to your own future growth of character.

It is my wish that you may "Know the truth", which is the motto of your school, and that you may find your way to greater happiness in that knowledge. May your influence in the world be always for good, to the end that ours may be a better world.

May you always continue to grow—physically, mentally, morally, and spiritually in the eyes of God and your fellow man. May success and happiness be yours. This is my parting wish.

New Horizons to Conquer

In the complex world of the space age it may not seem too vital that the happy times of your school years have passed. However, in days to come it will be with satisfaction that you turn these pages reflecting activities and friends of your proving ground—the campus.

Today, seniors everywhere are entering into an era where opportunities are as boundless as the outer reaches of space which man is constantly attempting to conquer. May it be that each of you as the years go by fits his career into the shining orbit of success.

We are proud to know we have had a part in recording these classroom times in producing a book which will be a lasting commentary on those precious years of your life.
